

# Reskilling for the Green Transition: Energy Efficiency, Renewables and Green Jobs in Europe

Friday, June 5th, 2026 | World Environment Day  
The Terminal Hub, Valencia (Hybrid Event)

10:00 – 10:30 | Registration & Welcome Coffee

10:30 – 11:00 | Opening Session

- Welcome remarks (Finnova & UPV)
- Introduction to LIFE RESSKILL
- Context: EU Green Week & World Environment Day
- The role of skills in the green transition

11:00 – 12:00 | RESSKILL in Action: Training for Green Jobs

- Presentation of RESSKILL educational programmes (WP4)
- Micro-credentials & BoostMySkills platform
- Skills needs in energy efficiency and renewable energy sectors

*Speakers: UPV + project partners*

12:00 – 13:00 | Panel Discussion

*“Green Skills for a Resilient Europe: Challenges and Opportunities”*

Topics:

- Skills gaps in the energy sector
- Role of VET and higher education
- Industry needs and job market trends
- Impact of current geopolitical context on energy transition

13:00 – 14:30 | Networking Lunch

14:30 – 16:00 | Interactive Session with Students (VET & Secondary Schools)

- Introduction to green careers
- Demonstration of training tools / serious games
- Interactive activities and Q&A

*Focused on engagement with schools (WP6)*

16:00 – 17:00 | Showcasing Innovation & Best Practices

- Case studies in energy efficiency
- Renewable energy solutions in buildings
- Circular economy applications (e.g. organic waste digesters in HORECA sector)

17:00 – 18:00 | EU Funding Opportunities: LIFE Programme 2026

- Overview of upcoming LIFE calls (September 2026):
  - LIFE Energy
  - LIFE Circular Economy & Quality of Life
  - LIFE Climate Change Mitigation
- How to participate and replicate project results
- Q&A

18:00 – 19:00 | Closing Session & Networking

- Key takeaways
- Open discussion
- Informal networking
