Let's go full circle!

From 10-12 June the province of Fryslân will host the circular summit for changemakers in the circular economy. European networks, regions and representatives of European institutions are invited to come together to strengthen international cooperation. The three day event highlights Fryslân's leadership in circular practices and offers a platform for knowledge sharing and collaboration. Thematic working groups and circular best practice tours contribute to this.

Reflecting the focus on cooperation between European networks, cities, regions and representatives of European institutions are invited to come together to strengthen international action to accelerate a just transition to a circular economy for all. Next to ACR+ members, we are excited to invite our European partners, networks, EU representatives, and all other circular ambassadors to join us in our journey. We look forward to welcoming you in Fryslân.
