

Nature-based and Systemic Solutions: A Joint Horizon Europe Showcase

Online
June 5th

Welcome and opening

10:00 – 10:10

Moderated by Yara Shennan-Farpón

- Recognition of World Environmental Day and overview of the importance of cross-regional climate resilience

Climate Resilience in European Landscapes: From Innovation to Practice

10:10 – 10:50

ClimaPannonia, Precilience, TRANSFORM and DRYAD

- From first results to climate-resilient agriculture insights in the Pannonian region - Maja Budimir, Svetlana Vujić (ClimaPannonia)
- Strengthening climate resilience in boreal agriculture and forestry - Petteri Karisto (Precilience)
- Innovative rotations as a class of nature-based solutions for adaptation to climate change – David Bohan (TRANSFORM)
- Nature-Based Solutions for Resilient Mediterranean Agro-Silvo-Pastoral Landscapes - Javier Samper Calvete (DRYAD)

Cross-regional Synergies for Climate Adaptation

10:50 – 11:50

Panel discussion on advancing climate-resilient agriculture and forestry through agroecology, nature-based solutions, circular approaches, smart farming, and ecosystem restoration.

Wrap up and closure

11:50 – 12:00
