

Draft programme

Intergenerational Restoration Day with the Elders of Arguedas

10:00 – 10:10 | Welcome and Introduction

Welcome by project representatives and brief introduction to the TUI Forest Navarra ecosystem restoration project.

10:10 – 10:30 | Stories from the Land

Senior members of the Arguedas community share experiences and traditional land management practices related to agriculture, grazing and caring for the landscape.

10:30 – 11:30 | Community Restoration Activity

Participants take part in hands-on restoration activities together with the seniors, such as planting or landscape care, while learning about traditional approaches to land stewardship.

11:30 – 11:50 | Intergenerational Dialogue

Open discussion between generations about how traditional knowledge can support modern ecosystem restoration.

11:50 – 12:00 | Closing Remarks

Summary of the activity and reflections on the importance of community involvement in restoring and protecting local ecosystems.
