

## Proposed agenda

Time	Presentation	Presenter / Moderator	Notes
Opening session			
13.00-13.05	Introduction to the EU Green Week, the key theme of the 2024 edition and the event	Moderated by YPARD Belgium representative	This shall also include a brief intro to the key themes of the event and format
Session I – ECRs for water resilience and beyond			
13.05-13.15	Presentation of case study 1 with potential focus on NbS	ECR 1 to be confirmed	Possibly from different regions, organisations (i.e. GYBN, YESS, YOUNGO) and different disciplines (e.g. agricultural sciences, social studies)
13.15-13.25	Presentation of case study 2 with potential focus on sustainable agriculture and land use	ECR 2 to be confirmed	
13.25-13.35	Presentation of case study 3 with potential focus on (water) ecosystem restoration	ECR 3 to be confirmed	
Session II – Panel session and Q&A – Stepping up efforts			
13.45-14.00	Interactive discussion on ECR's potential to address multiple crises by adopting an interdisciplinary lens in water resilience research	Moderated by YPARD Belgium representative	The panel session will include the 3 ECRs and additional people, including at least a “senior” researcher from a selected academic institution. This session will also provide the opportunity to showcase EU efforts in the sectors discussed during session I
