

In the LIFE Bauhausing Europe project we are learning to reuse the small elements of our daily life. After a first more theoretical workshop, in this second session we invite you to participate in a practical and collaborative activity: a flea market to exchange objects and plants.

m DAY: 14 June

TIME: 11:00 - 14:00

PLACE: social club of the neighbourhood association of Barrio de La Concepción

With childcare service!

PROGRAMME

11:00 Arrival of participants exhibiting their materials. Organisation of exhibitors

12:00- Inauguration of the flea market. From this time all participants will be able to enjoy different activities such as:

- Exchange of plants. Collaboration with the Bosque Romano project to improve the natural values of the neighbourhood. Residents will be able to bring invasive exotic plants and exchange them for native Mediterranean plants for their garden.
- Stalls selling second-hand objects, furniture and clothes.
- A tour through the re-imagination of 5 buildings under the NEB perspective: Exhibition of the renovation projects of the LIFE Bauhausing Europe buildings.

12:30- Talk on the benefits of reusing elements and presentation of the LIFE Bauhausing Europe object exchange group. Delivered by: Mónica Ripoll.

13:00- Farewell to the building. Soon we will have new premises designed under the principles of the New European Bauhaus and the works will start.

14:00- Closing.

LOCATION: social club of the neighbourhood association of Barrio de La Concepción
