BOJSZOWY

LIFE20 IPE/PL/000007 - LIFE-IP AQP-SILESIA-SKY

Eco-Blankets Workshop

When: 9 June 2025, 10:00 - 16:00

Where: Park Zandgruba, ul. Stalmacha, Bojszowy Jars

Who: Joanna Dudek, eco-manager of the Municipality of Bojszowy

During the city eco-picnic, children and young people will have the opportunity to participate in a unique educational zone—"Eco-Blankets Workshop." This interactive space will introduce participants to the circular economy, resource reuse, and responsible consumption through engaging and practical activities.

Each workshop blanket offers a different way to explore ecology in action. Participants will learn by doing, creating everyday items from materials that would otherwise end up as waste.

The program includes:

- Eco-quizzes and eco-charades – Team challenges that test participants' knowledge of recycling, the circular economy, and air quality protection.
- A Second Life for the Blue Sky – A hands-on workshop where old T-shirts are transformed into reusable shopping bags, promoting the right to repair and reducing textile waste.
- Here's What I Say – Talking T-shirts – A creative activity where participants personalize cotton T-shirts with eco-friendly slogans to inspire environmental awareness.
- Bojszów Jars – A glass painting workshop showcasing creative upcycling and giving new life to everyday objects.
- Ecology in the Kitchen – A food waste reduction workshop where children decorate carrot muffins or prepare fruit-based snacks, learning the principles of zero food waste.

"Eco-Blankets Workshop" is where learning meets fun, allowing children to experience the circular economy firsthand. The event demonstrates how to reduce waste, reuse resources, and manage materials responsibly—all in an engaging and creative workshop atmosphere.

This event is organized as part of the LIFE project "Silesia. Blue Sky Restored."

*I invite you
